

Nice to meet you,

I'm Josue Baloy Meléndez.

Frontend Developer & UI_UX Designer

info@josuebaloy.com

“ The passion of my life is to make in code or design any idea.
Every project is a new world to discover, and my goal is to
achieve the greatest visual impact and touch lives with my work.
I love this profession and will do it all my life

Date of birthday: January 26, 1981

I was born on: Panama

I live in: Colombia

I am: 39 yers old

¿Who I am?

Brief description of my personality and goals to achieve

✓ PROACTIVE

Yesterday has passed and I will do not stop in obsolete processes, I advance with new ideas in favor of excellence

✓ EFFICIENT

It's not just doing the job, It's doing the job exceeding all possible expectations. That's my mission

✓ IN PROGRESS ver. 2

I'm a perfectionist and sometimes I forget about time, involving my personal time but I'm focused on achieving a harmonious balance between personal and work, at the moment there is no problem with it

✓ SELF-DISCIPLINED

Discipline combined with a correct disposition is my secret to moving forward and achieve anything in this life

✓ DILIGENT

What I don't know, I learn. I expect pressure and demanding enviroments to reach my full potential

Work Experience

The recent history of the companies where I have worked

✓ EDLIO

Every day a new and different project, I participated in hundreds of experiences for educational institutions

📁 Role: Front End Developer

Responsible for structuring, stylizing and giving interactivity to JAVA-based websites

⚙️ Process

With the sketch from the design team, I had to create the structure of each section of the homepage and with SASS and Plain Javascript do the styles and interaction. For project management was Jira and Slack

★ Wins

More than 400 sites in the last 4 years

🕒 Time

Start: August 2016 - End: October 2020

✓ KOSOVO ADDIS

The focus was NGOs and I was involved in creating styles, setting up cms, newsletter campaigns, etc

📁 Role: Front End Developer

Responsible for creating styles in different projects and creating emails

⚙️ Process

The website structure was created in Drupal. I used child theme for the projects and duplicated the mockup in the code with SASS and Javascript. In addition, newsletter campaigns were made with HTML (tables) and css

★ Wins

A site was created for a White House Foundation (USA)

🕒 Time:

Start: August 2013 - End: July 2016
